

Driving for Mosaic During the Jewish Outdoor Escape

Due to insurance regulations, anyone driving as an “official” Mosaic driver must allow us to check their Motor Vehicle Records (MVR).

Our volunteer transportation coordinator will manage the process for you, making it as straightforward as possible. You will need to sign a permission form with the necessary information, and we'll take care of everything. After that, we will obtain your MVR record via <https://checkr.com/background-check/mvr>. Mosaic will contact you once we confirm your qualifications as a Mosaic Driver.

We have established clear criteria for a good driving record for Mosaic. Please see the details below. To avoid embarrassing yourself and others, please refrain from volunteering to drive if you know you would not pass the MVR check.

Our Volunteer Transportation Coordinator will contact you throughout this process. You must respond to invitation emails from Checkr.com and any further communications from transportation@mosaicoutdoor.org.

Checkr will look for the following:

1. The candidate must currently have the privilege to operate a passenger vehicle or motorcycle.
2. No more than two accidents in the past three years.
3. No more than one moving violation and one accident in the past three years.
4. No more than two moving violations in the past three years.
5. No cell phone or distracted driving violations in the past three years.
6. No major violations in the past three years.
7. The driver must be over eighteen.

For Mosaic Van Drivers:

As an additional step, please send a photocopy of your current Driver's License to transportation@mosaicoutdoor.org. This is necessary so we can provide a copy to the rental company, allowing them to add you as a driver on the rental contract. Rest assured that your personal information will be handled carefully and not shared with any third parties.
